Scottish Citylink

On Scottish Citylink services priority is given to boarding those passengers who have a reserved ticket. In the case of Concession Card holders they may reserve their journeys in advance of travel at a charge of 50p per journey which then entitles them to the same priority as any other class of reserved ticket holder. Thereafter the driver will take passengers on board in queue order subject to there being any remaining seats available. Seat reservations may be made in advance of travel by telephoning 08705 50 50 50, by visiting www.citylink.co.uk on the web or by visiting any Scottish Citylink Travel Centre or agent.

NextBuses is an innovative, new service from Traveline that gives you the next bus times anywhere in the UK via mobile internet. Only pay your normal charges for internet data and receive a response within seconds.

How does it work?

1. Log-on to www.nextbuses.mobi on your smart phone
2. Enter a postcode, street name and town, or bus stop code
3. On the map, click on the bus stop you want to use
4. View departure times for that stop on your mobile. It's that easy!

Scheduled bus times are shown if live times are not available.
Normal data charges of your mobile operator apply.
Speed and access to service is subject to your network connection.

Passenger Information

For all local and national public transport timetables and journey planning information, call Traveline Scotland on 0871 200 22 33, or visit www.travelinescotland.com. Lines are open 24 hours a day, seven days a week. Calls cost 12p per minute plus your phone company's access charge.

Concessionary Travel

On 1 April 2006 the Scottish Executive's national transport agency, Transport Scotland, launched a scheme which gives older people and people with disabilities free bus travel anywhere in Scotland. People who live in the area covered by The Strathclyde Concessionary Travel Scheme will also be able to use the card to get cheaper fares on ScotRail trains and the Glasgow Subway. For more information or to apply for a new entitlement card, please call 0141 333 3211 or email general queries to freebus@transportscotland.gsi.gov.uk

Highlands and Islands Patient Travel Scheme

This scheme was originally set up in recognition of the difficulties and expense involved in travelling to and from hospital for people resident in remote communities. The scheme operates for people who live within Argyll and Bute, part of the NHS Highland area. If you are a patient travelling by public transport to a UK hospital for NHS treatment or appointments you may be able to reclaim part of your travelling expenses under this scheme. For further information, contact NHS Highland on 01546 605653.

Codes Explanation:

- R - Request stops only (via the driver on boarding or via telephone - 01680 812313 minimum one hour before departure time).

A **flit boat** took people to and from a ferry which was too big for the pier.

So our **flit bus** takes you between Ledaig and parts of Tobermory which big buses can't reach, and provides a connection out to Calgary and Dervaig via transferring from/to Service 495/95.

Changeover takes place at Ledaig Car Park, where you see the word **Flit** in our timetable.

Outside of our **Flit** connections at Ledaig Car park other connections might be available by walking from Ledaig car park to the bus stop outside the old Post Office in Tobermory's main street.

Service 494 is operated by West Coast Motors on behalf of Argyll and Bute Council.

UF1

Service UF1 is a community bus operated by Ulva Ferry Community Transport to connect the Ulva Ferry area on the North West of Mull with the hospital and other public transport links to Tobermory, Craignure and Fionnphort. The service is open to anyone but as the service is "demand responsive" booking is essential to ensure the bus operates. The community bus has a wheelchair lift.

Bookings can be made by calling/texting ☎ 07775531301
Or emailing info@ufcb.org.uk

Bookings must be made by 16:00 the day before travel. Due to the flexible nature of the service, departure times are approximate and will be confirmed at time of booking.

Please note, as a flexible demand responsive service, in addition to using existing bus stops at Calgary, Gruline and Salen, pick ups/drop offs will be made along the route at safe locations. For passengers with mobility issues, the bus will operate a 'door to door' service diversion up to ten minutes off the main route. In some circumstances we can offer transport on Mull outwith the scheduled service. Please ring or email to check.
